PROFESSIONAL SUMMARY

As an MCA student with internship experience in full-stack development, I am eager to apply my skills in web development to real-world projects. Proficient in both front-end and back-end technologies, I am passionate about learning and excited for opportunities in my web development career.

EXPERIENCE

Company - Collab : 1 Year

Front-End Developer Intern :
- Developed user interfaces using React and Tailwind CSS for responsive and modern web design.
- Integrated APIs to fetch and display data from the backend using API dependency injection.
- Set up Google Analytics for tracking and reporting.

Back-End DeveloperIntern :
- Created a backend server using Express.js.
- Used MongoDB for data storage with Mongoose.
- Used JWT for authentication.

Full-Stack Developer Intern :
- Combined front-end and back-end expertise to build complete web applications.
- Deployed the application on Vercel.
